Dear Ms. Hesse,

In respect to the U. S. vs. Microsoft anti-trust action and why I support the courts decision . I believe our country, government, judicial system and constitution to be second to no other in the world .

Henceforth if the most advanced and just court system in the world has made a settlement of this case . Being a believer and supporter of our system I would have to agree with this decision .

As for I do not believe that the general public has more knowledge of the facts,laws and complexity of this case than the decision rendered by the courts .

I do believe most of the nonsupport of this settlement to be no more than sensational rhetoric influenced by microsoft's competitors .

I trust the judge will do what's best for the consumers and not the profiteering of the competitors .

Thankyou .

Sincerely,
